## 30-CENT CUT IN COUNTY TAX RATE APPEARS LIKELY

Supervisors, To Set Levy Today, Consider Possible \$1.80 Basic County Levy; "Inside" Rate Would be Twenty Cents Less

Probability of a basic county tax rate of \$1.80 per hundred dollars of assessed valuation was seen by observers in attendance at today's meeting of the Board of Supervisors at which they are giving final consideration to the county budget for the ensuing year.

Interviewing the heads of several of the departments of county government, the board was concerned during the early part of this afternoon with the problem presented by various items of assistance extended to county residents and there was a bare but remote possibility that the rate might be lowered to less than \$1.80 when finally adopted.

However, this involved the question of whether to maintain a reserve fund for the expenses of aid, or not maintain such a reserve fund.

From the conversation between board members, it was indicated that the question resolves itself into whether to spend the reserve and lower the tax rate further, and face lean months during the first half of the 1940 fiscal year and a certain increase in taxes next year, or whether to retain the reserve and eliminate the "lean months."

The apparent \$1.80 rate will be a reduction of thirty cents in comparison with the rate last year and will make the rate within the city limits of Placerville \$1.60. Last year the rate was \$2.10 "outside" and \$1.90 "inside," the twenty cent differential being for the road fund.

## PLACERVILLE WOMEN ARE JAILED IN CRASH NEAR SACRAMENTO

Mrs. Ronna Stroupe, 20, and Mrs. Ann Karlee, 25, both of Placerville, El Dorado County, were sent to the Sacramento County Jail as the result of a head-on crash between their car and another machine seven miles south of the city on Stockton Boulevard Thursday night, reports The Sacramento Bee.

Rose and Josephine Aguera whose address was not learned by hospital attaches, are in the Sacramento County Hospital with cuts and bruises suffered in the collision.

Mrs. Stroupe, driver of the car, was charged with reckless driving and was ordered Saturday by Justice of the Peace Byron Gaddis to pay a fine of \$200 or serve 100 days in jail, Mrs. Karlee, charged with being drunk, was fined \$50, or the alternative of twenty-five days in jail. Neither was immediately able to pay the fine and both were ordered to jail.

The fire alarm at mid-morning was occasioned by a small blaze in the rear of the Meredith Building, attributed to an over-heated water heater. W. H. Farrell, of the Western Auto store, controlled and extinguished the fire with a hand extinguisher before the firemen reached the scene. Their arrival, however, would have been timely, had Farrell been unable to control the flames.

Mr. and Mrs. Theodore Ruple came home from Oroville for the weekend.

## Clark Shows To Open Wednesday

New Thrill Rides, Special Units For Children, Many Sideshows In Carnival

Clark's Greater Shows, who will present the carnival attractions in connection with the El Dorado County Fair, will open at the fair grounds on Wednesday evening, August 23rd.

Formal opening of the fair will take place Friday noon.

Preparations for the arrival of the carnival company were concluded Monday by Al Fisher, advance agent, who was here conferring with fair officials and attending to other details.

He called at The Republican office to report that one of the outstanding attractions of the several new riding devices which the show presents this year is the Rollo-Plane, known as the world's most thrilling ride, which was introduced at the current Golden Gate Exposition.

"We have several other rides which are new for the first time this year," he said.

"In addition, we are giving special consideration to the children this year and have a number of rides which will be safe for the little ones, and from which they will obtain a thrill for which the equal of the thrills on the adult rides."

A number of first rate sideshows are included in the carnival, which opens Wednesday evening and continues through the fair management, closing Sunday night.

## DR. ATWOOD, DAUGHTER CLAIM RIBBONS IN NAPA HORSE SHOW

Dr. T. G. Atwood and his eight-year-old daughter, Marilyn, claimed ribbons in the horse show held in connection with the recent Napa County Fair, according to word received by the dentist's mother, Mrs. Ted C. Atwood, of this city.

Marilyn, riding her Shetland pony, "Mickey," won second prize in the children's class, and Dr. Atwood took fifth prize in the trail horse class with his "Flash."

Dr. Atwood and family reside at San Francisco and shared in the Napa County horse show during their vacation stay at their Napa County ranch.

## Dailey Prison Record Received By Sheriff

A copy of the record of arrests of Fred Dailey, held for trial on a charge of forgery by endorsement, was received Monday morning at the sheriff's office from the Federal Bureau of Investigation.

It includes notations of a prison term served in Wisconsin in 1931, for "abandonment," a one-year term for violation of the Dyer auto theft act, at Duncan, Oklahoma, and a six-month term in the house of correction at Waukesha, Wisconsin, in 1929.

## 4-H FORESTRY CLUB TO VISIT INSTITUTE WEDNESDAY

The members of the Mt. Danaher 4-H Forestry Club will meet Wednesday morning at the community church at Camino for the excursion with their leader, Earl Blair, to the Institute of Forest Genetics.

Officials in charge at the tree-breeding station have made plans to show the club members about the grounds and point out special features which may be of interest to the young foresters.

Club members are making plans to take their lunches with them for the day and following the visit to the institute, they will go to Riverfront for a swim in the river.

## Folies Stars Christen Princess at S. F. Fair

Joan Gilby (left) holds a juicy bottle of christening milk while Treasure Island Princess takes her first swig for the camera, and Pamela de Vorne (right) ties on a rattle and offers the calf a pair of booties. The girls are stars of the New Folies Bergere at the Golden Gate International Exposition, and the calf, a blooded Jersey, was born to one of the star cows on exhibit in the California Dairyland building. The girls, on Treasure Island direct from Paris, had never seen a calf before — and were they thrilled!

## KENNY OPPOSES WARRANT PLAN

Campaign Partly Cause Of His Declining High Court Post, He Indicates

LOS ANGELES, (UP)—State Senator Robert W. Kenny of Los Angeles county today took charge of the southern California campaign against the proposed "Ham and Eggs" constitutional amendment which comes up for a vote of the people next Nov. 7.

Gov. Culbert Olson, presented with petitions bearing more than a million names, called the special election.

Senator Kenny said he was "unalterably committed" to the cause of social security and advocated "more adequate provision for the needy aged." He declared he was opposed to any plan which would "wreck this program."

"Adoption of the 30 warrants every Thursday plan would bring disaster to the sincere efforts of intellectually honest liberals who want to relieve our elderly citizens with real cash," Kenny said.

Kenny indicated his desire to lead the campaign against the plan was partly responsible for his declining a place on the appellate court.

## MOSQUITO BRIDGE WORK IS AWARDED TO H. WILLIAMSON

Contract to erect a suspension bridge across the American River in the Mosquito district was let Monday afternoon by the Board of Supervisors to Hector Williamson, of the Springdale district, on a bid of \$3,000.

Mr. Williamson said he has some other work pending and that it will be a month or six weeks before he is able to start on the work, which is to be completed within ninety days from the start.

The Board had considered the possibility of putting in a concrete bridge at the site and had County Engineer Don M. Hoffman checking figures on such a proposal. However, Engineer Hoffman reported to the board that he does not believe a concrete bridge can be erected on the site at a figure comparable to the bid for a suspension bridge.

Mr. and Mrs. George Meyers, of Butte Meadows, were here Sunday visiting relatives.

## Portland Paper Quits Field As Expenses Mount

PORTLAND, Ore., (UP)—The Portland News-Telegram today announced "with deep regret" that it was suspending publication with this afternoon's editions.

The announcement, signed by the newspaper, reading in part:

"In spite of the unceasing efforts of an able and loyal organization this newspaper has encountered increasing difficulties, ranging from greatly increased costs of production to an ever-growing tax burden, in the face of which continued operations on a sound basis are not possible.

## \$2,000,000 FIRE SWEEPS LUMBERING TOWN: MAY HAVE BEEN SET

Forest fires that swept the Pacific coast from Canada to Mexico were being brought under control today.

The lumber town of Pineridge, Ore., near the California border, lay in ashes after a \$2,000,000 fire believed to be incendiary. The Red Cross sent disaster units to aid the scores of persons made homeless by the blaze.

The Pineridge fire destroyed millions of feet of lumber at the Forest Lumber Company plant, burned 150 homes, a hotel and mill buildings and streaked into the Klamath Indian Reservation. Freight cars of the Southern Pacific and Great Northern Railroad companies were burned.

California's fires were being beaten off rapidly. The most serious blaze, a 5,000-acre burn in the Los Padres National Forest of Monterey county, was brought under control and there were no large fire outbreaks of hand.

## Soap Box Derbyists To Meet Tuesday Night

Boys who are contemplating entering this year's Scooter Derby are asked by Paul Smith, chairman, to meet Tuesday night at 7:30 o'clock at the War Veterans' Memorial building. Mr. Smith said the meeting will be an important one for every boy who expects to enter the race and urged all to be present.

Fred Wessels was a caller Monday from the Rescue section.

## FORMER COUNTY RESIDENT DEAD

Alfred E. Smith Taken By Death On Sunday; Rites Tuesday Morning

Alfred E. Smith, 81, a pioneer resident of El Dorado County and the father of Forest Supervisor Edwin F. Smith, passed away Sunday afternoon at his home in the Elkhorn district of Yolo County.

The funeral services will be held Tuesday at ten o'clock in the morning from the McNary Chapel at Woodland. Burial will be at Woodland.

Mr. Smith's health, owing to advancing years, had been failing for several months past although it was only within recent weeks that his condition had approached a critical stage. During his last illness he had the loving care of his devoted wife, Mrs. Martha Warren Smith, who was assisted by their three sons and their families.

Alfred E. Smith was born at Santa Clara County on December 25th, of 1857, and came to this county as a boy of eleven years to make his home at the old Mountain View Ranch in the Diamond Springs district. He grew to manhood here and as a young man was employed in lumbering in the Sly Park district, at Diamond Springs and also at Shingle Springs.

Following his marriage to Martha Warren, the couple moved to Towle, Placer County, where Mr. Smith was engaged in railroad and, within a few years, to Ione, where Mr. Smith operated a general store, retiring from that business to take up ranching at Carbondale, Ariz. (Turn to Page 2)

## ARMAMENT NEEDS CAUSE INCREASED DEMAND FOR COPPER

NEW YORK, (UP)—German interests are inquiring in the American market for large amounts of copper following their purchases of about 10,000 tons from the foreign cartel last week. It was learned here today.

Some orders, it is reported, already have been placed. Japan recently was a heavy buyer of the red metal here and France reportedly placed orders for some 50,000 tons here and abroad during the past month or so. All of the metal, it was indicated, was for use in armament programs.

## 6 Die As Fishing Boat Overturns At Sea

RYE BEACH, N. H., (UP)—A tragedy which overtook a Sunday deep-sea fishing party was revealed here today when six bodies were washed ashore on a rocky strand within sight of the submarine Squalus salvage scene.

The victims, five men and a girl, had put out from Dover Point, five miles north of Portsmouth, at 9:30 a. m. yesterday.

## PIONEERS PLAY SECOND GAME IN STATE TOURNEY TONIGHT

Home Run By "Clipper" Goodin With Bases Loaded Paves Way For 5 To 4 Victory In First Title Game, Played Friday Night

By LLOYD L. VYE

The El Dorado Pioneers will face the Sacramento Golden State Dairy horsehiders in their second game of the California Softball Tournament being played at Stockton, at 9 o'clock on diamond one in Oak Park.

Leonard Zelwick, sponsor of the Pioneers announced this morning that he "is seriously considering pitching Rusty Ammons against the fast Sacramento outfit."

## Pre-Marital Tests Start

New Law Effective On Sept. 19th For Couples Who Seek To Marry

SAN FRANCISCO — Couples expecting to marry after September 18 can now start having physical examinations and blood tests under the pre-marital law. Dr. W. M. Dickie, state health director, announces. The law goes into effect September 19. It requires that a physician's certificate for both persons intending to marry be filed with the county clerk before a marriage license is issued. Examination and blood tests for syphilis must be made within 30 days before a license is issued.

The physician's certificate will state that the person is not infected with syphilis, or if infected, is not in a stage of the disease which is, or may become, communicable to the marital partner.

"This means that certificates can be issued, in certain cases, to people who have syphilis. In those cases there would be no danger of communicating the disease to the persons they marry," Dr. Dickie said. "Persons who are born with syphilis, those who have had the disease for many years, and those who have received sufficient treatment may be permitted to marry."

He said persons should go to their family doctor for the examination and blood test. Free tests can be obtained at any public clinic for the control of venereal diseases or by applying to the local health officer.

All laboratories now permitted by the state to make blood tests for syphilis will be allowed to do so under the new law.

## LOUISIANA OIL CHIEF ENDS OWN LIFE AS PROBE OPENS

NEW ORLEANS, (UP) — Federal agents intensified their investigation of the Louisiana oil scandal today following the suicide of Dr. J. A. Shaw, the state official who is charged with conserving the state's oil resources.

The federal grand jury was meeting again today and it was widely reported in political quarters that it would hand down more indictments. It already has indicted former Governor Richard Leche and Seymour Weiss, two of the three men to whom the late Huey P. Long willed his empire.

## Philippines May Ban New Hollywood Film

MANILA, P. I., (UP)—Philippine officials indicated today they were considering forbidding showing of the motion picture "The Real Glory" in the Philippines commonwealth because of refusal of producer Sam Goldwyn to eliminate scenes Filipinos consider distasteful. A statement issued by Mayor Juan Posadas and a majority of the Manila municipal council condemned the scenes portraying Filipino soldiers fleeing from Moros.

## Legion Sons Asked To Meet Tonight

Members of Placerville Squadron, Sons of the American Legion, are especially urged by their leader, Paul Smith, to meet tonight at the War Veterans' Memorial Building at 7:30 o'clock. Mr. Smith did not state the nature of the matters to be taken up at the meeting.

## County Couple Recently Wed At Minden

According to a weekend report to Sacramento paper, a license to wed was issued "recently" at Minden, Nevada, to Clyde E. Hill, 28, of Kelsey, and Twila Jennings, 27, of Placerville.

Bud "Clipper" Goodin's crashing homer with two on in the third stanza enabled the El Dorado county lads to squeeze out a well earned 5 to 4 victory over the Stockton Box aggregation in a pitcher's duel played Friday night which was their first tournament game.

In their first tussle the Golden Staters bested the Stockton Native Sons, 3 to 2. The winner of tonight's contest plays at 9 o'clock Tuesday night and the loser competes at the same hour in the loser's bracket. Two defeats are necessary to eliminate an entry from the competition and the championship encounter will find the victor of the winner's bracket pitted against the winner of the loser's bracket.

If the Pioneers come through with a win tonight, and they should be able to providing they play in top form, only three contests will separate them from the championship BUT the Pittsburgh Redwings, last year's champs, are in the same pairings and are still in the running.

Trailing 1 to 0 in the third, the Pioneers played like a house afire scoring four runs on Goodin's four.

## Theft Motive In Axe Assault

Attacker Confesses He Intended To Steal Car Of Farm Laborer

SACRAMENTO — (UP) Amer Schilling, 42, of Sacramento, was held in county jail today charged with attempting to murder with an axe Cecil Ferguson, 23, a farm laborer, in order to steal Ferguson's car. Ferguson was recovering from a deep scalp wound in Sacramento hospital.

The assault occurred yesterday at a lonely spot on Tyler Island in the river Delta area, sheriff's deputies said, where Schilling had lured Ferguson with promises of employment.

Ferguson wrested the axe from Schilling and fled, making his way to the home of an Isleton doctor who dressed the wound and called officers.

Schilling, meanwhile, boarded a freight train en route to Sacramento and was captured when he got off near Freepore. He admitted the attack to deputies but said he only intended to knock Ferguson unconscious and steal his car.

## 500 CHINESE RENEW FOOD RIOTS IN CHANGHAI; POLICE NAB FOUR

SHANGHAI, (UP) — Five hundred Chinese stormed a rice and flour store in the Changping road today in the first food riot since 1937.

Sharply rising rice prices, due in part to Japanese occupation of the Shanghai area and partly to guerrilla activities in the interior, caused the riot.

The Chinese succeeded in removing 100 bags of flour before police arrived. Four arrests were made as the crowd fled.

## 3 Lightning Fires On Forest Sunday

A Sunday thunderstorm over El Dorado was blamed for three fires, all of which were quickly controlled. One of the fires was in the Alder Creek section of Pacific District, one in the Bear Creek section and the other on the Mokelumne river.

## Summer Home Damaged In Sunday Fire

The summer cabin of Mrs. G. H. Manke, in the 46-milestone tract on Eldorado Forest, was badly damaged in a Sunday fire, which forest fire guards were able to confine to the dwelling. Origin of the fire was not immediately established.

### Gehrig In Clinic To Check Up On Health

ROCHESTER, MINN. — (UP) — Lou Gehrig, first baseman of the New York Yankees, returned to Mayo clinic today to determine the progress of his fight against paralysis which forced him to retire after 2,130 consecutive games.

He said he had gained a pound a week since retiring to the bench 10 weeks ago.

## Typical Scene at San Francisco Fair

Thousands of visitors to the Golden Gate International Exposition pack Temple Compound where outstanding free attractions are offered in the shadows of the exotic Towers of the East. A number of name bands, as well as outstanding artists of the entertainment world, are presented on the frequently changed free programs. At extreme left is one of the beautiful murals of the Pacific which mark the entrance to the Court of Flowers. Rising above the scene is one of the twin Towers of the East.

#### By JANE VOILES

If you failed to see a book on cookery called "Serve it Forth" by M. F. K. Fisher, buy it or borrow it. It isn't a cook book in the conventional sense of the word as there are not more than five or six recipes in its 253 pages. It is about the art of cookery long before calories and vitamins crept in and made it a science. The motto of the book might be "To eat is a necessity but to eat intelligently is an art."

Mrs. Fisher has no dealings with the modern up to date kitchen. She goes poking about in the kitchens of King Solomon, Richard the Lion-Hearted, and people in that class of society. King Solomon, she says, was so interested in eating that he kept eleven stewards snooping about in other countries to keep him informed about what was new in wines and foods.

You have heard of the Roman gentleman called Lucullus who gave the best dinner parties of his day. Lucullus played favorites as he sorted his dinner guests into different rooms. His intimate friends and his

business associates who needed a little "playing up to" were entertained in his famous Apollo room where he spent one thousand dollars on each guest. The service must have been costly beyond words as the drinking glasses were hollowed from great gems. Like Solomon, Lucullus had his scouts looking for new wrinkles in cookery. A reward of 200 gold pieces was offered to the one who would bring back a Phoenix but the reward was never bestowed. Today someone might take a shot at the one on top of the Tower of the Sun at Treasure Island, though we wouldn't want to vouch for its succulence.

From a poultry order that Mrs. Fisher unearthed in the Harleian Manuscript, it is evident that Richard, the Lion-Hearted was a hospitable soul who liked to keep open house when he wasn't off to a crusade. We quote just a few lines from the order: 50 swans, 110 geese, 50 capons, 11 dozen pullets for roasting and 5 dozen to make jelly, 5 herons, 100 dozen peacocks. The meat of seals and whales was popular. Sweet soups of cinnamon and rose water were served at almost every meal. We can laugh, of course, but as Mrs. Fisher says, a few centuries from now what will the people of that day be thinking of our marshallows and pink jelly salads.

French cookery which receives the highest praise is in reality the simplest, Mrs. Fisher believes. Its characteristic flavor comes from herbs, sweet butter, cream and long heating in earthen ware pots. As the French nation has butter for the foundation of its cookery, Italians have olive oil, Germans lard, Russians sour cream, English, drippings, and Americans — Mrs. Fisher is an American and, at present, a Californian, so we'll have to take this last assertion in good faith,—"a flavor from innumerable cans."

One of the greatest kitchen crimes today, Mrs. Fisher insists, is monotony. Fish-on-Friday, roast-on-Sunday, hash-on-Monday are responsible for many nervous wrecks and homicidal manias. It is just as harmful to eat in the same room day after day, year after year, in the same dishes, with the same pictures on the wall. Standard meals like steak and baked potatoes, pork and apple-sauce, yams and sausage are excellent but they can stand a little revamping. If you can't think of anything else, Mrs. Fisher suggests, tint the potatoes red or blue!

If you listen to Information Please, Canada Dry's sparkling program, you will know Clifton Fadiman who is literary editor of the New Yorker and has enough brains to fill a dozen hats. Mr. Fadiman has edited a book which comes out this month called "I Believe." It consists of the beliefs of 32 eminent men and women of our day. Among them are: Thomas Mann, Pearl Buck, Lin Yutang, Hendrick Van Loon, Julian Huxley, James Thurber, etc. From the contribution of Julia Peterkin who wrote those charming books about the South: "Scarlet Sister Mary" and "Black April," we quote the following: "An excellent person demands more of himself than of anyone else, an inferior person demands more of others than of himself."

### NAZI CONSUL ATTEMPTED TO INFLUENCE FACULTY, COLLEGE HEAD AVERS

WASHINGTON (UP) — Dr. John Harvey Sherman, president of the University of Tampa, told the Dies committee today that the German Consul at New Orleans had attempted to influence faculty mem-

bers at Tampa and at Tulane universities.

Dr. Sherman was the only witness today as the committee held a brief session, and recessed until 10:30 a. m. tomorrow.

He said that Baron Edgar Von Spiegel, New Orleans Consul, had offered books to his university on behalf of the Nazi government but was given assurance that the German professor at Tampa, an outspoken anti-Nazi, would be "adequate."

In New Orleans, Baron Von Spiegel said that many southern colleges had accepted book offers.
